Designing and Building Modern Organizations

WHAT IT IS

A one-day program for executive teams on the ways an organization can be built and which of them make sense in the client's situation. It is a shortened OrgScapes Core workshop, tailored to the group each time.

AT A GLANCE

Duration	1 day (up to 8 hours)
Audience	executive teams and senior management
Format	in-house only; the program can be split into shorter blocks
Language	English or Polish
Led by	Kate Hobler

WHO IS IT FOR?

- Managers attended OrgScapes Core and say the executive team should see this perspective.
- The organization is considering a structural change and does not know its options.
- The organization compares itself with companies that operate in very different conditions.
- The executive team has limited time and needs one day, not a full training.

WHAT PARTICIPANTS TAKE AWAY

After the training, the participant:

- speaks the same language about the organization as its managers,
- knows the list of options that are realistic in the organization's conditions,
- knows which solutions are not worth copying.

PROGRAM OUTLINE

1. A conversation beforehand: what the executive team is facing; the day is built around it.
2. Types of organizations: why organizations are the way they are and what cannot be copied.
3. Your alternatives: which directions make sense in your conditions and what each of them means.

This is an outline. The trainer adapts it to the group's needs and experience.

PRACTICALITIES

Payment	We issue a VAT invoice with a 14-day payment term. We also serve companies from outside Poland.
